Tasteful Opening

THE SIGNATURE RESTAURANT OF the Hotel Equatorial group **KAMPACHI** reached yet another milestone with the opening of its new flagship joint in The Troika. Tucked away in a prime corner lot of the luxurious property, the dining spot is the epitome of elegance and aesthetics, with its highly visible street facade and sleek interior. The significant moment was marked with a celebration party that saw the arrival of quite a few distinguished guests whose high expectation of the much lauded restaurant was most certainly fulfilled that evening, having sampled the fine cuisine and excellent service that is Kampachi.
